### About Me

I am a 20 years old young man who is deeply motivated by the opportunity to make a meaningful impact through my hard work , I am driven by a commitment to excel and passion for continuous growth through learning . I am dedicated to achieving high-quality results and ready to adapt to new challenges . My enthusiasm for learning new skills fuels my desire to stay positive and contribute to innovative ideas. I am excited to bring this energy and determination to a team where I can help achieve impactful outcomes .

### EDUCATION

**ADVANCED LEVEL** 2020 - 2023

LYCEE DE KIGALI, Kigali

During the three years I spent in this school , I took a combination of MATHEMATICS ,PHYSICS and COMPUTER SCIENCE as main subjects , Entrepreneurship, General studies and communication skills as subsidiary subjects. I also performed various activities such as being the class representative, football school team and member of Red Cross where I exercised leadership skills.

**ORDINARY LEVEL** 2017 - 2019

ECOLE DES SCIENCES BYIMANA, Ruhango

Normally , at this level of education we focus on the fundamental and introduction of many subjects namely ; Chemistry ,Biology , Mathematics , Physics , History , Geography and ICT. This was so helpful that it provided me with the broad and basic understanding of these subjects. Not only that but I also volunteered in a number of activities aimed at facilitating and developing sports activities of all disciplines in the school and participating in clubs and other innovative ideas aimed to promote other students .

**NURSERY AND PRIMARY SCHOOL** 2008 - 2016

ECOLE LIBRE AHAZAZA, Muhanga

One of the important phases of my education background where I learned everything from the base such as reading , writing , Languages ( English , French ) , Grammar , Basic Mathematics , Sciences and Social studies . I also learned behaviors and other moral lessons not forgetting sports activities like football , basketball , volley ball , table tennis , gymnastics ,etc. ..
